

Privacy Policy – EterGam Crypto

Last updated: October 01, 2025

Introduction

EterGam Crypto is an application developed and published by **EterGam Informatika**.

Data Collection and Processing

The application does **not collect, store, or share** any personal data from users.

The application does not use third-party analytics, tracking, or advertisements.

Application Functionality

The app displays cryptocurrency prices and staking/minting calculations based on publicly available APIs.

Use of the application does not require registration or the input of any personal data.

User Rights

As the application does not process personal data, requests for access, correction, or deletion of personal data are not applicable.

For additional questions, users may contact us via the provided email address.

Changes to This Policy

This policy may be updated from time to time. Updates become effective as of the date of publication.
